Objective

Passionate software engineer with 5 years of experience in developing scalable web applications. Seeking a challenging role to leverage my expertise in front-end and back-end technologies.

Experience

Software Engineer

Tech Solutions Inc., New York, NY
June 2019 – Present

- Developed and maintained web applications using JavaScript, React, and Node.js.
- Collaborated with cross-functional teams to define project requirements and deliver solutions on time.
- Improved application performance by optimizing code and database queries, resulting in a 30% reduction in load times.

Junior Developer

Webify Corp., New York, NY
July 2016 – May 2019

- Assisted in developing responsive websites using HTML, CSS, and JavaScript.
- Participated in code reviews and contributed to the improvement of coding standards and practices.
- Implemented new features based on client requests, leading to a 15% increase in customer satisfaction.

Education

Bachelor of Science in Computer Science
New York University, New York, NY
Graduated May 2016

Skills

- JavaScript, React, Node.js, Python
- HTML, CSS, Bootstrap
- Git, Docker, Jenkins
- Agile methodologies

Certifications

- Certified JavaScript Developer (2020)
- AWS Certified Solutions Architect (2021)
